

Bosal Afrika Group Environmental Policy

Bosal Afrika, manufacturers of exhaust systems, tow bars, vehicle accessories and related components, in line with Bosal International Management (BIM), the corporate co-ordination, service and support headquarters for the Bosal group of companies, has adopted environmental Principles to serve for all Bosal Afrika employees. They encourage environmental consciousness in both daily conduct and in the planning of future products and programs. As a responsible citizen, Bosal Afrika is dedicated to protecting human health, natural resources and global environment.

The dedication reaches further than compliance with the law to encompass the integration of sound environmental practices into our business decisions.

- We are committed to implement and maintain an Environmental Management System in line with the ISO 14001 standard.
- We are committed to actions to restore and preserve the environment.
- We are committed to reducing waste and pollutants, conserving resources and recycling materials.
- We are committed to educate, train and motivate employees and individuals to conduct their activities in a responsible way.
- We are committed to assess the environmental impacts of our activities, products and services and to reduce these impacts through the establishment of appropriate objectives and targets.
- We will maintain communications with our local community and co-operate with legislators, regulators and other organisations with an interest in our environmental performance.
- We will comply with applicable environmental legal requirements and with other requirements to which we subscribe.
- We will continually assess the impact of our plants and products on the environment and the communities in which we live and operate with a goal of continuous improvement.

This policy will be communicated to all persons working for or on behalf of Bosal Afrika and be available to the public.

Ben Krüger
Plant Director Bosal Afrika
